OF MEDICINE
AND HEALTH
SCIENCES

The Desmond Auditorium

Your Plaque

Each seat will feature a named plaque installed above it measuring 170mm x 50mm. The plaque allows for two lines of engraved text:

Line 1: Your name or the name of someone you wish to honour

Line 2:
Class
year or a
meaningful
date

The Desmond Auditorium, 26 York Street

Voted the nation's favourite building when it opened in 2018, 26 York Street is a hive of student activity. It houses world-class simulation teaching facilities, a Library and the largest lecture theatre on the RCSI campus, the Desmond Auditorium.

Dreams of a life in health care take shape here when all new students come together to collectively take the Hippocratic Oath and don their white coats for the very first time.

In the Auditorium, students transform over time into the healthcare professionals and the leaders of tomorrow.

More than a space

The lecture theatres of RCSI are the birthplace of countless formative memories for alumni. More than just academic spaces, they are the setting where lifelong friendships are formed, career aspirations take shape, and even romances blossom.

These seats quietly observe the transformation of students into confident healthcare leaders ready to serve patients and their families in communities worldwide for generations to come.

Dr Ryan Abraham, Class of 1999, with his family in Paris.

// NAMING A SEAT IS DEEPLY MEANINGFUL TO ME BECAUSE IT REPRESENTS A WAY TO GIVE BACK TO AN INSTITUTION THAT HAS PROFOUNDLY SHAPED MY LIFE. //

We've saved you a seat, now put your name on it

Since you enrolled in RCSI, the College has been part of your life story. Now you can become an enduring part of the life and history of RCSI. Through our Reserve Your Seat Campaign, we invite you to celebrate your unique connection to RCSI in a way that is meaningful to you-whether you choose to:

- » Honour a beloved Professor or mentor who shaped your career;
- » Commemorate a cherished classmate who touched your life;
- » Pay tribute to a family member who supported your journey; or
- » Mark your own transformative years here.

For a gift of €500 a name plaque will be mounted above your seat in the Desmond Auditorium. Gifts can be made in one payment or in monthly instalments and you can name as many seats as you wish. To acknowledge your contribution, RCSI will send you a Seat Certificate and letter of thanks.

Your seat will make a difference

Your gift is more than a lasting tribute - it directly supports the next generation of medical professionals by contributing towards:

- » Student scholarships making medical education accessible to everyone;
- » Clinical electives providing hands-on learning opportunities for our students;
- » Hardship funds ensuring no student's dreams are derailed by financial challenges; and
- » Research Summer School fostering the next generation of medical innovators.
