# RCSI Foundations

Inspire. Innovate. Invest.

**//** The future of healthcare extends far beyond the walls of RCSI Bahrain—it is about the lives we touch, the communities we serve, and the global challenges we address together. RCSI Foundations offers a unique opportunity for our alumni, partners, and supporters to stay connected and actively contribute to this shared mission. Through your support, we can continue to nurture the next generation of healthcare leaders, advance groundbreaking research, and strengthen our commitment to societal impact. Together, we are building a legacy of excellence that will transform lives for generations to come. **//**

# EMPOWERING TOMORROW'S HEALTHCARE LEADERS TODAY

Since opening its doors in 2004, RCSI Medical University of Bahrain (RCSI MUB) has been at the forefront of healthcare innovation in the GCC, blending academic excellence, advanced research, and community engagement to shape future healthcare leaders.

With a purpose-built campus and cutting-edge simulation labs, it delivers a world-class educational experience to over 1,700 students, equipping graduates with both expertise and a dedication to service.

Thanks to the support of our community, RCSI MUB continues to expand its resources, advancing healthcare education and knowledge in Bahrain and beyond. Your contributions enable life-saving research, transformative education, and vital health services, ensuring RCSI MUB remains a beacon of excellence and positive change in the field of healthcare.

Be a part of a transformative journey that empowers future generations of healthcare professionals. By supporting RCSI MUB, you directly contribute to developing highly skilled, compassionate leaders who will advance healthcare systems, improve patient outcomes, and address critical global health challenges.

## SUPPORTING RCSI FOUNDATIONS

# Investing in a Lasting Impact

At the heart of RCSI Bahrain's mission to shape future healthcare leaders is our commitment to nurturing a well-rounded, vibrant campus community that champions both academic excellence and societal contribution. To sustain and grow this commitment, we have launched RCSI Foundations, an internal fund dedicated to enhancing the lives of students, the campus community, and our surrounding society.

RCSI Foundations serves three core areas that define the student and community experience:

### Life on Campus

Through our "Green" initiatives and development projects, RCSI MUB is creating an environment that aligns with the UN Sustainable Development Goals (UNSDGs). Your support helps us improve campus facilities, reduce our environmental footprint, and enrich the student experience—fostering a socially and ecologically conscious space where students can thrive academically and socially.

### Community Projects

RCSI MUB is committed to contributing to the Kingdom of Bahrain through community engagement and service. Supporting RCSI Foundations allows us to further our CSR initiatives, charitable donations, and partnerships with local organisations. Together, we can make a meaningful difference, supporting projects that benefit our community and advance public health and wellness in the region.

### Student Support

At RCSI MUB, we recognise that access to education should be available to talented individuals regardless of their financial circumstances. Through partial and full scholarships, financial assistance, and a hardship fund, RCSI Foundations helps bridge the gap for students facing financial challenges. By supporting this fund, you help deserving students pursue their education and reach their potential without financial barriers.

# LEAVE YOUR LEGACY

## Donation Categories

### Landmark Spaces

### Legacy Rooms

### Campus Features

### Heritage Engravings

## LEAVE YOUR LEGACY

# A Lasting Impression with RCSI Bahrain

Supporting RCSI Bahrain offers alumni, sponsors, and partners an opportunity to make a lasting impact and leave a legacy on campus. Through various meaningful initiatives, contributors can align themselves with our mission to advance healthcare education and make an indelible mark on the university's history.

### Commercial Partnerships and Sponsorship

Strategic partners have the chance to enhance their brand by associating with RCSI Bahrain. These partnerships allow companies or foundations to sponsor key locations on campus, such as study areas or clinical theatres, named in their honour, providing enduring recognition and aligning with a prestigious institution.

### Gift A Name

For those wishing to directly support educational spaces, we offer the opportunity to name a room within the university, from clinical theatres to classrooms. These spaces will serve generations of students and stand as a testament to the donor's commitment to the future of healthcare.

### Inscribing

Individual donors can permanently cement their names in RCSI Bahrain's history by having their names engraved within the university foundations. This one-time contribution is a personal way to leave a lasting legacy that will be remembered by the RCSI Bahrain community for years to come.

Through these opportunities, RCSI Bahrain invites you to join us in shaping the future of healthcare and education while leaving a meaningful legacy that reflects your values and vision.

# CAMPUS EXPANSION PROJECT

## INTRODUCING THE NEW ACADEMIC BUILDING

# A Hub for Innovation and Student Experience

The new academic building at RCSI MUB is the centrepiece of our Campus Expansion Project, developed to support our growing academic community and advance our commitment to world-class healthcare education. Adding 13,567 square meters of usable space, this facility will increase the campus footprint by 140%, introducing modernized learning environments and enhanced student amenities.

Key areas of impact include expanded teaching and research facilities, with over 1,000 square meters dedicated to advanced clinical simulation labs and double the space for biomedical research, ensuring students gain realistic, hands-on experience and opportunities for innovation. Additionally, new social and recreational areas, including a two-story library and resource centre, provide 1,568 square meters for collaborative learning and community engagement.

Aligned with RCSI Bahrain's sustainability goals, the building incorporates energy-efficient features such as double-glazed windows, sustainable insulation, and provisions for future solar panels. This environmentally conscious design supports a green campus while creating a comfortable, forward-thinking space for students and faculty. The new academic building exemplifies RCSI Bahrain's mission to create a dynamic, eco-friendly environment that empowers future healthcare leaders.

## MAKE AN IMPACT

# Join Our Journey

Becoming part of RCSI Bahrain's journey means contributing to a mission dedicated to advancing healthcare education and creating lasting, positive change. We invite alumni, partners, and supporters to connect with us as we grow, innovate, and shape the future of healthcare.

When you join our journey, you'll stay informed about the latest developments on campus, receive invitations to special events, and have the opportunity to support initiatives that enrich student life, drive research, and benefit our wider community.

**“ RCSI Foundations is a pivotal step in shaping the future of healthcare education at RCSI MUB. By investing in this initiative, our alumni, partners, and stakeholders have the unique opportunity to empower future healthcare leaders and leave a lasting legacy of innovation and impact. ”**

Professor Sameer Otoom  
President, RCSI Medical University of Bahrain

## Stay Connected, Get Involved

Register your interest today to join RCSI Bahrain's journey of excellence. Together, we can build a future defined by leadership, compassion, and innovation in global health.
