

Royal College of Surgeons in Ireland

Undergraduate Schools Transfer Requests Policy

RCSI has a strict no transfer policy and does not accept transfer requests from students attending other medical, pharmacy or physiotherapy courses, including all other RCSI courses.

Entry to the RCSI Undergraduate Schools of Medicine, Pharmacy and Physiotherapy is only provided through the EU and Non-EU application procedures that are described in detail on the College website (www.rcsi.com).

Students who have been discontinued from other university programmes are also ineligible to apply.

The No Transfer Policy does not discriminate and is applied to all transfer requests.
